

# Editorial Calendar

## January

- Electric Vehicle Connectivity
- Crimping Best Practices

Editorial submission deadline: November 1

## February

- Materials-Supply Challenges and Implications
- Connectivity in Next-Generation Commercial Aircraft

Editorial submission deadline: December 1

## March

- Application Story: Medical Connectors
- Smart Grid

Editorial submission deadline: January 2

## April

- Distributor Services
- Industrial Plants and Other Harsh Environments

Editorial submission deadline: February 1

## May

- Application Story: Data Communications Connectivity
- Automotive Wiring Harnesses

Editorial submission deadline: March 1

## June

- Signal Integrity Testing
- Military Connectivity

Editorial submission deadline: April 2

## July

- Interconnect Business and Industry Trends
- Wiring Harness Design and Manufacturing

Editorial submission deadline: May 1

## August

- Consumer Electronics Connector Evolution
- Interconnect Standards Development

Editorial submission deadline: June 1

## September

- Photovoltaic Systems
- Advances in Medical Connectivity

Editorial submission deadline: July 2

## October

- Counterfeit Components
- Corrosion in Electrical Connectors

Editorial submission deadline: August 1

## November

- High-Speed Data Communications Connectivity
- Environmental/Hazardous Material Regulations

Editorial submission deadline: September 3

## December

- Application Story: Harsh Environment Connectivity
- Unmanned Aerial Vehicles

Editorial submission deadline: October 1
